

TECK OKANAGAN CUP SERIES TECHNICAL GUIDELINES 2016/2017

The Teck Okanagan Cup Series offers affordable, accessible competitive opportunities for developing athletes living in the Okanagan. It includes interval start, mass start and individual sprint races held annually at different locations throughout the region.

Club points are accumulated from race to race and a club aggregate is awarded to the club with the most points at the end of the final race.

Competitions are held in accordance with CCC Rules & Regulations.

1. SITE SELECTION

Sites are selected based on their ability to guarantee quality organization and appropriate courses / distances for developing athletes as well as their ability to attract the greatest number of participants.

2. SANCTIONING

Teck Okanagan Cup races are registered with Cross Country BC but they are not nationally or provincially 'sanctioned', which means they are not Canada Points List races and do not require a Technical Delegate.

3. TITLE SPONSOR

Teck, a diversified resource company based in British Columbia, is the title sponsor of the Okanagan Cup Series.

Teck bibs, provided by the Cross Country BC office, must be used for all Okanagan Cup races. The office will also provide four horizontal and four vertical Teck-branded site banners for the start and finish area, banners/headers for your race notice and ZONE4 start lists and results postings.

In addition the office will supply specific awards (medals and ribbons) as described below in section 9.

Contact the Cross Country BC's Administration and Communications Coordinator Dennis Wu a minimum of six weeks prior your event with the names of the volunteers who will be your Sponsor Liaison, Awards Coordinator and Media Liaison. Email: office@crosscountrybc.ca; telephone: (250) 545-9600.

Contact Dennis a minimum of ten days prior your event to make shipping arrangements for the materials and supplies mentioned above. Email: office@crosscountrybc.ca; telephone: (250) 545-9600.

To view a comprehensive information package on sponsors, awards protocol and media (SAM Information Package) click on: <http://www.crosscountrybc.ca/sam-information-package>

NOTE that the above 'SAM Information Package' is a complete guide for all events up to and including a national championships, and needs to be scaled down accordingly for smaller events such as the Teck Okanagan Cup Series.

4. RACE NOTICE:

The 'Teck' logo will be provided to race organizers for the race notice, start lists and results lists.

The race notice and registration information **MUST** be posted on ZONE4 a minimum of four weeks in advance of the competition. For the ZONE4 posting a header/banner with 'Teck Okanagan Cup Series' on it will be provided to the race organizers by Cross Country BC.

Entries must close no later than Wednesday prior to the competition. **NO POST ENTRIES ARE ALLOWED.** Competitors should be offered the opportunity to register on ZONE4. If entries are sent via electronic mail, race organizers must notify the sender that their entries have been received.

With the exception of sprint races, Saturday's race start time is usually 11:00 am to allow sufficient preparation time for skiers from nearby communities traveling to the event the morning of the race. Sunday's race start time is usually at 10:00 am to allow more travel time for skiers traveling long distances home. Sprint races usually begin at 9:00 am.

The notice should include a cancellation policy pertaining to refunds - both for situations in which the participant wishes to withdraw, and for situations when the organizers cancel the event. In addition, please include a basic accommodation list with phone numbers.

The following must be included:

Cross Country BC respectfully requests all coaches, athletes, wax technicians and parents to abide by a self-governed protocol while waxing skis for athletes in all age categories at all Regional Cup races. This protocol also applies to coaches, athletes, wax technicians and parents traveling to British Columbia from out-of-province or out-of-country.

Low-fluoro glide waxing protocol:

- Structure tools ARE permitted.
- Non-Fluoro (NF) or Low Fluoro (LF) glide waxes ARE permitted.
- Medium Fluoro (MF) or High Fluoro (HF) glide waxes are NOT permitted.
- Pure Fluoro glide waxes (powders, pucks, blocks and liquids) are NOT permitted.
- Cold weather powder additives and hardeners are NOT permitted.

The race notice should be planned carefully so that there are no changes after it is posted.

5. COACHES MEETINGS AND DRAW

The draw should be held no later than the Thursday night before the event. This is for the convenience of the event organizers.

Skiers should not be seeded, but grouped according to their category and their positions determined by a normal draw procedure.

Coaches Meetings are not held at Okanagan Cup events to allow coaches (who are often traveling long distances as well as preparing young and inexperienced athletes for the competition) to spend more time with their team. It is therefore important that the race notice is complete with all the necessary information that the coaches require.

6. START AND RESULT LISTS

Younger age categories (Midget and younger) **MUST** be first on the start list.

It is recommended that the race schedule begin with Atoms and work up to Midgets. Juvenile and older age categories should be started in whatever order works best for the organizers when all the implicating factors are considered.

Both start and results list **MUST** include the year of birth and name of home club for each athlete. Not only is this a normal standard but it is essential for determining the club aggregate award.

The 'Teck' logo must be displayed on the start lists and results lists. For the ZONE4 posting a header/banner with 'Teck Okanagan Cup Series' on it will be provided to the race organizers by Cross Country BC.

The official results posted on Zone4 should be presented by age categories, not year of birth.

The start list should be posted on ZONE4 no later than Friday evening before the event. It should also be available at the race site by late Friday afternoon.

7. COURSE INSPECTION

The competition courses must be properly groomed and marked for inspection several hours prior to the first event. It is important that the courses are marked correctly. A course map displayed in the stadium area is not sufficient.

Classic tracks are not set for the Free Technique events at this level of competition. However, because this Series is a junior development program, classic tracks do need to be set on the side of the course used for the Atoms age category for all events except the sprints.

8. TIMEKEEPING

An electronic timing system is required. Clubs may have access to this equipment either through ownership or by borrowing from other sport groups in their community. If that is not possible, the equipment can be rented from the Cross Country BC Office.

Each race requires an independent, secondary timing system that can provide an accurate record of essential data regardless of people, timing equipment or power failures.

ZONE4, Cross Country Canada's official race management software *must* be used.

9. AWARDS FOR THE INDIVIDUAL EVENTS

- 7 & under (Atoms) – Teck participant ribbons for all
- 8 years (first year Pee Wees) – Teck 1 to 5 ribbons for top 5 finishers; Teck participant ribbons for all others
- 9 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 10 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 11 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 12 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 13 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers

- 14 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 15 years – recommended category, host club responsibility
- 16-17 years (Junior B/G) – recommended category, host club responsibility
- 18-19 years (Junior M/W) – recommended category, host club responsibility
- 20-29 years (Open M/W) – optional category, host club responsibility
- Masters M/W categories – optional categories, host club responsibility

NOTES:

All entries in the Atoms age category who complete their event will receive a special Teck participant ribbon. At this age, each child should receive the same award, and clubs wishing to provide prizes in addition to these ribbons must ensure each participant in the group receives the same award.

Awards for athletes 15 years of age (second year Juvenile Boys and Girls) and all age categories from Junior Boys and Girls through to Masters Men and Women 60+ are the responsibility of the host club.

Cross Country BC will provide stickers for the back of the Teck medals identifying the event, year and award category.

10. SKI LICENCES

Ski licences are not required.

11. RACE FORMATS AND TECHNIQUE

In each zone there should be a mix of classic and free technique races. The host clubs should work this out among themselves.

It is important to achieve the participation benchmarks in the Teck sponsorship agreement with Cross Country BC, so formats that draw the most skiers are preferred – either mass starts or 15 sec interval starts. If race organizers wish to use a race format that generally attracts a smaller field of competitors (individual sprints or team sprints), they require approval from Cross Country BC.

Interval start races should use 15 second interval starts.

12. AGE CATEGORIES

Age categories for skiers 14 and younger are required, age categories for skiers 15-19 are strongly recommended, age categories for skiers 20 and older are optional.

14. REGISTRATION FEES

Event organizers are encouraged to keep their entry fees as low as possible and, if the ski area does not belong to the club, to arrange for free or low cost trail access for athletes, coaches and parents.

15. CLUB AGGREGATE AWARD

Club points are accumulated from race to race and a club aggregate is awarded to the club with the most points at the end of the final race.

Points for the Club Aggregate will be awarded in each class as follows:

- Points are earned for results / participation in an age category (not year of birth)
- Points
 - 1st place = 7 points
 - 2nd place = 6 points
 - 3rd place = 5 points
 - 4th place = 4 points
 - 5th place = 3 points
 - Participation (successful completion of the designated competition course) = 2 points
- If there are less than five competitors in a category, the points will still begin at 7 points for 1st place, 6 points for 2nd place, etc.
-
- Points are calculated for individuals representing CCBC Okanagan Zone clubs only. If out-of-zone individuals finish in the top five positions, skip to the next individual from the Okanagan.

Cross Country BC will post the aggregate points earned by participating clubs as they accumulate throughout the season. To view the Club Aggregate Points for the Teck Okanagan Cup Series visit the Cross Country BC website at: <http://crosscountrybc.ca/teck-regional-cup-series-club-aggregate-awards>

The winner of the Club Aggregate Award will be the club with the most points.

The Club Aggregate Award will be presented immediately after the final race of the season has been completed.

The Club Aggregate Award is the responsibility of Cross County BC.
